

CAD-CAM Lectra

Specialisation Course

24 Total hours

12 Lessons

12 Weeks

Participants

Maximum 6 (minimum 2)
Individual course available

Starting dates

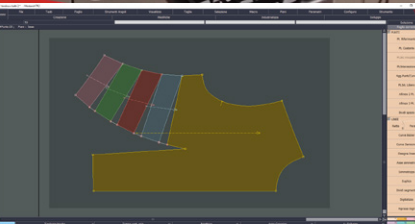

January, March, September

ACCADEMIA KOEFIA
INTERNAZIONALE D'ALTA MODA E D'ARTE DEL COSTUME

KOEFIA
s.r.l.

Via Cola di Rienzo 203, 00192 Roma

The course provides participants with the technical and practical tools and knowledge of industrial pattern making using the automation features of the professional Lectra Modaris CAD-CAM software.

Basic knowledge of pattern making is required.

At the end of the course, students will be able to enter and construct patterns, develop their transformations and grade them into a range of sizes.

Koefia provides all participants with a copy of Lectra Modaris, with a licence valid for two years, to be installed on their own computer.

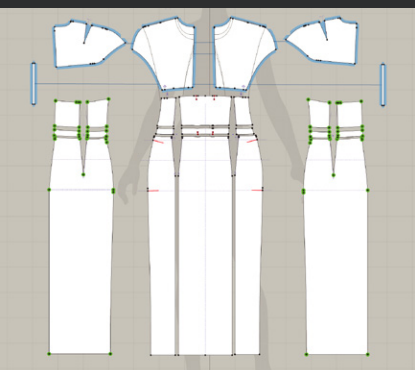

Target participants

- Fashion Designers who wish to specialise in order to improve their professional opportunities.
- Fashion technicians who wish to specialise in industrial CAD-CAM pattern-making applications.

PROGRAMME

Duration 12 weeks, 12 lessons,
24 hours
